Camping is an activity in which people live in tents in the outdoors. It is very popular all over the world. Modern camping was started in England. Very soon it became a popular activity among people of every class and profession in many countries. Campers can enjoy fresh air, wildlife, and living in nature for a short time.

There are some items that one needs on every camping trip. For example, a tent or a sleeping bag will be necessary. Tents come in many sizes and shapes. Modern tents are not very heavy and really easy to set up. Most campers prefer to sleep in sleeping bags. Instead of tents, some people prefer to buy a trailer to move from one place to another. You also need to have comfortable clothes and food which is easy to cook.
