You have 2 minutes to read the text silently, then be ready to read it out aloud. You will not have more than 2 minutes to read it.**

Cricket is an outdoor team sport. It developed in England. It is also very popular in places that England once ruled as colonies. These countries are Australia, India and so on. Cricket is played on an oval field. People play it with a bat and a ball. In the center of the field there is a pitch. The pitch is twenty metres long and three metres wide.

Two teams of eleven players compete in a cricket game or a match. When a cricket match starts, there are two players in the pitch. They stand opposite each other. They carry bats and are called batsmen. One batsman, the striker, uses his bat to hit the ball. The second batsman runs to get the ball. The team that scores more points wins. Cricket matches with scores in the hundreds are common.
